

## Primary Computing Curriculum Team courses 2016 – 2017

The Primary Computing Curriculum Team has planned the following courses to reflect the National Curriculum. The aim of these courses is to equip school staff with the skills, knowledge and understanding required to implement the changes required to embed technology across the curriculum

You can book a place on any of these courses through our On-line course booking system detailed below.

All of these Francis House based courses can also be offered as school-based staff inset. In addition, we also run many other sessions in schools.

These include online safety for staff, governors, parents & pupils; MLE development and/or use for staff, governors, parents & pupils; coding, ActivInspire with a Literacy, Numeracy and/or general focus; software or technology specific sessions e.g. Clicker 7; Green Screen; The use of technology in the early years, ipads for teaching and learning, Google and onenote for the classroom.

Please do not hesitate to contact a member of our team if you wish to discuss any of the Francis House based courses or would like to arrange school-based training.
