

Dear Parent/Carer

Home Access Grants – invitation to apply

Home Access is a government programme that helps eligible low-income families to get a free computer and free internet access to support learning at home. The programme is for families in England.

To apply for a Home Access Grant, you must be a parent or carer responsible for and living with a child who:
... is in school years 3 to 9 (normally aged 7–14)
... has never had a computer from Computers For Pupils or the Home Access programme
... is eligible for Free School Meals, and
... is named on your Child Benefit award letter.

You may not be eligible if you receive Working Tax Credit

To get a grant application pack, you need to contact the
Home Access Grant Helpline: 0333 200 1004 (Monday to Friday 8am–8pm, Saturday 9am–1pm)

You will be given a basic eligibility check over the phone. If successful, you will be sent an application pack. It will tell you everything you need to fill in an application form. It also includes a Freepost envelope for returning the form.

If your application is successful, the grant will allow you to get one of the following Home Access packages:

1. Full package (a free computer, one year’s free internet access, service and support)
2. A free computer, service and support only
3. One-year’s free internet access only

This is a fantastic opportunity and we really hope your application is successful.

Your child’s school may run some information sessions supported by an interpreter. If you would like to attend one please ask at the school.

Yours sincerely
